

**STOP ALBANY CUTS!**

# **DIRECT ACTION**

**TAKE DIRECT ACTION  
TO STOP ALBANY'S AUSTERITY BUDGET!  
WEDNESDAY, MARCH 23 in ALBANY, NY**

Join a peaceful, non-violent direct action, during which some of us are prepared to risk arrest to stop the passage of a budget that puts the interests of corporations and the super-rich above the needs of CUNY and millions of ordinary New Yorkers.

**There *is* money in New York for CUNY.**

There is money for education, healthcare and social services.  
It's in the hands of the richest 1% of earners —  
they receive 35% of all income in New York State.  
The wealthy should pay their fair share.

**Peaceful, collective action has changed history.  
It can change Albany too.**

PSC will provide transportation for  
CUNY faculty, staff and students.

Meet at Westminster Presbyterian Church  
(262 State Street bet. S. Swan St. & Dove St.) at 12 :00pm.

Come to show your solidarity and support.  
Those who decide to risk arrest must be trained in direct action.
