

A Sample Script for Calls to your Congressperson

Hello. My name is \_\_\_\_\_ .I am a constituent of  
Congressman/Congresswoman\_\_\_\_\_ and I am a (faculty/staff) member  
of the City University of New York.

During the current lame-duck session of Congress major cuts to Social Security, Medicare and  
Medicaid are on the table. I ask you as my Representative to protect these vital safety-net  
programs and if necessary to reject any “Grand Bargain” which threatens their integrity. No deal  
now is better than a bad deal.

I also ask you to end the Bush tax cuts and increase taxes for the wealthy, as President Obama  
has advocated. We can do this by letting the Bush tax cuts expire on December 31, and then  
during the next session of Congress extending the middle-class tax cuts. With the resulting  
increased tax revenues, we can turn our attention to our most pressing issue, the creation of jobs  
for the millions of unemployed and underemployed Americans.

Thank you.
